Quick background - Who am I?

Logos of Soil Conservation Service, Bayside Catchment Group, NSW EPA, Murray Irrigation, and eWater.
How we see ourselves
Hi, I’m Troy McLure. You may remember me from my movie *Man vs Nature – The Road to Victory*
Challenges and issues (apart from the obvious)

- Letting people know what was happening was too difficult
- It’s to stop flooding
- The creek will go into people’s back yards – not impressed when I pointed out that the houses were higher than the other side of the creek.....
Away from the creeks
Erosion and sediment controls......
Summary
